RE: 33rd Annual Spring Fling

It seems like only yesterday we held our first ever “Spring Fling in September”. And much to our surprise, it’s Spring and another Fling is just around the corner! Please join us Thursday, June 23rd for the 33rd Annual Spring Fling event. Spring Fling is The John Buck Company’s charity event held annually to benefit Chicago-area charitable organizations that emphasize support of children, families, and education. Over the past 33 years, Spring Fling, The John Buck Company and John Buck have donated over \$20 million to support over 400 Chicago-area children and family organizations. Spring Fling has built a legacy of offering a better future for children all over Chicago. Our beneficiaries this year are Chicago Youth Centers and The John Buck Company Foundation.

For more than 65 years, Chicago Youth Centers (“CYC”) has served where possibility lives for communities on the South and West sides. Through their programs, children ages 15 months to 18 years have the support and spaces they need to grow and pursue their curiosities year-round. CYC currently serves more than 1500 children through their Early Learning, Out-Of-School Time Enrichment and Family Engagement programming. CYC’s expansion into the new Calumet Heights site and the growth of school-based services will build upon their foundational programs and allow CYC to narrow the access gap by bringing services to hundreds of additional children and families.

We ask you to please consider making a commitment as a Corporate Sponsor. Your support is crucial in helping to provide quality education to under-served children of Chicago. There are several participation levels to correspond with the resources of our sponsors, and the enclosed form identifies the various sponsor levels.

On behalf of everyone at JBC and CYC, we appreciate your continued support and look forward to seeing you at this year’s event.

John Buck

The John Buck Company
Foundation

We Can and We Will

The John Buck Company Foundation and its governing Civic Involvement Committee ('CIC') support Chicago-area civic and charitable organizations that enrich the quality of life for children and families with a strong emphasis on their education development and well-being. Additionally, the JBC Foundation supports organizations which have active employee participation channeling that in the form of financial contributions and services. The CIC creates direct opportunities to give back to the community by hosting volunteer days to spruce up lake & river fronts, play Secret Santa, and dress up as our favorite pirate to hand out bananas at Lincoln Park Spooky Zoo.

We are very thankful for all of the philanthropic contributions made by the continued generosity and loyalty of our staff and members of our always expanding real estate community.

We Can and We Will!

Historically, Spring Fling, The John Buck Company Foundation and John Buck have donated over \$20 million to support over 400 Chicago-area children and family organizations.

CHICAGO YOUTH CENTERS' MISSION IS TO INVEST IN YOUTH IN UNDER-SERVED COMMUNITIES TO HELP THEM DISCOVER AND REALIZE THEIR FULL POTENTIAL.

CHILDREN

Every year, CYC provides access to engaging early learning, afterschool, and summer programs for more than 1,500 children on Chicago's south and west sides.

FAMILY

CYC's Family Engagement program offers opportunities for parents to find enrichment alongside their children. We support families as partners in their children's social-emotional and academic development.

COMMUNITY

CYC's variety of programs provide a safe space for youth of all ages and their families to learn, grow, and discover. Together, we can create a more equitable future built on the promise of possibility.

ABOUT CHICAGO YOUTH CENTERS

For 65 years, Chicago Youth Centers (CYC) has been the place Where Possibility Lives: a trusted partner in Chicago's most divested neighborhoods, ensuring that kids have a safe place they can go to explore, to discover, to process, and ultimately to envision a bright future that they can create for themselves. In early learning classrooms, afterschool programs, and summer day camps, youth ages 15 months to 18 years find joy in learning, grow socially and emotionally, and build skills for the jobs of tomorrow.
